

How to Deploy a Test in Brightspace/D2L

Last Modified on 10/14/2020 1:03 pm EDT

You can see if the quiz is active or inactive from the Quiz List view.

To deploy a quiz and make it available to your students, follow these steps.

1. Click the link to Quizzes.
2. Sort by Category for ease in locating specific quizzes.
3. Click on the name of the quiz.
4. EDIT the deployment settings for the quiz by working through the tabs.
5. Add a grade item to link to the Grade tool or choose the grade item from the drop down menu if it exists there.
6. Use the "Submission Views" tab to select the student feedback you want displayed.
7. SAVE and CLOSE.
8. Add to a content area through the appropriate Course Materials module.
9. Publish the quiz to allow students access.
